

- Download Drive and Gmail apps from Play Store or App Store
- Log in to Drive with your gmail log in credentials.

e.g. [john@gmail.com](mailto:john@gmail.com)

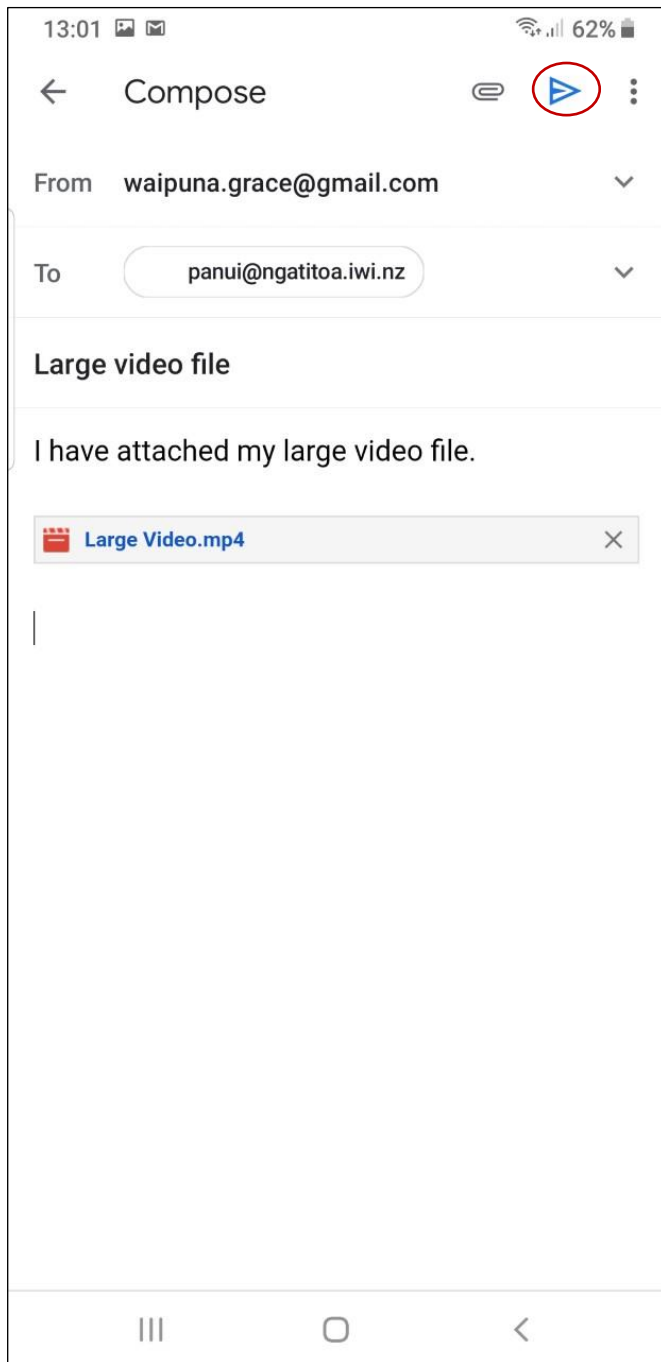

- Upload your video you would like to send onto Drive. (*This app is free and comes with 15gb of cloud storage*)

- Open Gmail and compose a new email.
- Select attach. *Insert from Drive.*

- Select My Drive
- Locate and select the video file you would like to email. And press select.

- Your file should load and attach itself to the email. Depending on size of video and your internet connection this could take several minutes.
- When you have entered all the details needed just hit the send triangle.
