

Renee Kohe Evans | 2015 Hockey

I just wanted to thank the committee for the financial support provided for me to attend this tournament. It was a challenging week with pool play games against Wellington (won 3-0), Northland (drew 1-1) and Auckland (lost 2-1). We were fortunate to finish top of our pool after point differentiation because of a 3 way tie.

We then faced Nelson in the semi-final and were able to battle it out to win 1 - 0.

We took on Manawatu in the final who we knew were going to be touch. They have a number of

players who have played high level hockey and they really brought it on the day. We competed in the first half but unfortunately a couple of strategies we tried didn't pay off and we ended up losing 5-0.

It was an amazing week of great hockey and a chance to reconnect with players from the past around the country. Although we lost the final we were happy to come away with a silver medal.
