

Ashley and Jamie Williams

Ashley and Jamie Williams represented New Zealand against Australia over Labour weekend as part of the eight person Senior Male and Female BMX Test Team. They are the 1st Twins to represent NZ in the Senior Test Teams and this was a huge milestone for the sport.

The team consisted of the top four 14 and four 15yr male and female riders who were selected to represent their country in the Trans-Tasman competition. Both Ashley and Jamie played a pivotal part in the teams taking overall victory at the Taupo BMX track.

Ashley rode very well implementing great team riding strategies which constantly outscored the Aussie's over the five race competition.

Race One for Jamie was nothing short of intense rivalry between NZ and AUS as 7 of 8 riders crashed out before getting back up to claim a place and gain valuable points for the Male team.

Both teams prevailed with a 5 point win by the male team followed by a comfortable win for the girls. It was a great spectacle of BMX racing and very entertaining for the crowd. The return test match is in Nerang, Gold Coast Australia, on the 02-03 Jan 2016.

Jamie Williams – test team crash
